

WAGYU BEEF BURGER PATTIES

Our Wagyu Beef Burger Patties are made from premium quality Australian Wagyu beef, handcrafted by our skilled butchers. Each patty is individually vacuum-sealed to ensure the freshness and quality of the product.

Individually quick frozen (IQF) for convenience and portion control. Each patty weighs 150 grams and has a diameter of 11 cm, ideal for standard burger buns.

18 months from packed date

Diameter

11 cm

Carton Net Weight

4.2kg

Storage

Keep frozen at -18°C or below

Carton Dimension

27.5cm (width) x 27.0cm (length) x 13.5cm (height)

COOKING INSTRUCTION

1. Thaw in refrigerator or microwave.
2. Place the patties on the grill or pan and cook for 4-5 minutes on each side, or until they are browned and cooked through.
3. Add seasonings with salt and pepper or your preferred seasoning during cooking.
4. Let the patties rest for a few minutes before serving to allow the juices to redistribute.
5. Enjoy the delicious, rich flavor of our Wagyu beef burger patties.
