

AUSTRALIAN

ROCK LOBSTER

Caught wild every day of the year from the clean and abundant waters of Western Australia, each lobster is selected by hand for its quality and vitality.

Frozen lobsters are renowned for retaining their freshness; all the quality of live lobster, with the convenience of a frozen product. Our unique freezing techniques capture in time that last moment of freshness and vitality, ready to be re-released when thawed.

Select from either frozen raw or cooked. Frozen lobsters are ideal for food service and home Masterchef's alike.
